MULTICULTURAL

Greek Council

2017

A LETTER OF WELCOME FROM *the* PRESIDENT

Dear OSU Student:

I, Amanda Sandoval, as the president of the Multicultural Greek Council would like to welcome you to Oklahoma State University and thank you for showing interest in the Multicultural Greek Council at OSU! The Multicultural Greek Council, better known as MGC, is the governing body of the internationally and nationally recognized diverse fraternities and sororities at OSU. The primary purpose is to unite its member organizations in order to share ideas and provide a support network for students. Members of MGC experience fraternity and sorority life in a very unique way.

I hope this booklet helps you in deciding to choose to join an MGC organization! I strongly encourage you to look at each individual fraternity and sorority to see if any of them are right for you. If you have any questions feel free to contact the Office of Fraternity & Sorority Affairs or email myself at acsando@okstate.edu.

Fraternally,

Amanda Sandoval, President
Multicultural Greek Council

MGC *History*

MGC is one of the four fraternity and sorority governing councils at Oklahoma State University. It was established to meet the needs of fraternities and sororities aligned with underrepresented populations that were not previously being met by the system. In November 2002, Alpha Pi Omega Sorority Inc. and Omega Delta Phi Fraternity Inc., the founding member organizations came together to unite all multicultural Greek-lettered organizations. In August 2003, the Multicultural Greek Council constitution was accepted and the council was officially recognized at Oklahoma State University. In January 2004, MGC accepted its first additional member organization, Delta Epsilon Psi fraternity Inc. Learn more about the current MGC organizations by looking at the organization profiles in this booklet.

Multicultural fraternal organizations began to emerge on college campuses in the 1980's and 1990's. This emergence and growth was due in part to the success of the civil rights movement that brought forth newfound strength in minority populations (African Americans, Hispanic/Latino Americans, Asian Americans, women, etc.). Most multicultural fraternal organizations share a similar regional birthplace, the Northeast region of the United States, where there is a rich mosaic of cultures. The Northeast became a natural nesting place in which multicultural fraternal entities began to develop. According to Kimbrough (2003), "students seeking to bring together students of different races and backgrounds, sought to build fraternal groups that openly embraced multiculturalism"

Executive Officers

The Multicultural Greek Council executive officers are elected by their peers to lead the council. Their responsibilities include event planning and publicity for the council, providing education and avenues for accountability for the member organizations, managing the council's assets and representing the Multicultural Greek Council at regional conferences, on university committees, on campus, and in the Stillwater community. The executive officers work with other governing councils to promote strength and unity among all members of fraternity and sorority life.

Awards

The Multicultural Greek Council was recognized for its achievements in Council Management, Leadership & Educational Development and Self-Governance and Judicial Affairs. Previously, OSU's Multicultural Greek Council also received the Multicultural Council Excellence Award, which is presented to the most outstanding council within AFLV. Additionally the fraternity and sorority community at Oklahoma State also received the Gamma Sigma Alpha Regional GPA Award for the fall 2015 semester. This award is presented to the fraternity/sorority community whose grade point average is higher than its campus undergraduate GPA. OSU's Greek community has received this honor 19 times since 2004.

How to *join*

Family *Guide*

The Multicultural Greek Council member organizations recruit potential new members throughout the year on an informal basis. This process is known as Membership Intake. Please note that all organizations have a cost associated with membership. Each member organization of MGC has their own way to recruit new members. This is why it is important to get to know each organization to understand their unique process. Each organization will have a different set of membership requirements for academic success, community and college involvement. For more specific information on an organization, please visit the organization profile pages in this booklet. To have your information provided to an organization you are interested in joining, please visit <http://mgc.okstate.edu>, complete a prospective member interest form, and return it to the Office of Fraternity and Sorority Affairs.

Undergraduate students who are interested in joining a Multicultural Greek Council (MGC) organization must meet certain membership criteria. This includes but is not limited to:

- Be enrolled in 12 hours at Oklahoma State University
- 2.5-3.0 college GPA or higher (varies by organization) - this excludes incoming Freshman
- Complete an application for membership along with any additional information the organization of interest requires
- Community service hours may be a prerequisite
- Attendance at an interest/informational meeting for the organization of your interest
- You must be in good standing with the Office of Student Conduct and Education

These requirements are designed to promote the advancement of strong and effective organizations. Following are some suggestions to help you reach membership:

Get a plan for academic success in place!

Create relationships with your professor by visiting during their office hours. You also may need them for letters of recommendation.

- The LASSO Center (lasso.okstate.edu), Writing Center (osuwritingcenter.okstate.edu), Mathematics Learning Success Center (math.okstate.edu/mlsc) and tutoring centers within your major college can also help you stay on top of your academics!

Get out in the community!

The Service-Learning Volunteer Center can provide information about numerous of community service projects in Stillwater. (volunteer.okstate.edu) Community service is a huge part of NPHC fraternity and sorority life, and organizations will be looking for prospective members who have committed their time to making the world around them a better place. Note some organizations require a certain amount of community service hours in order to join.

Get further involved on campus!

- The Department of Leadership and Campus Life is home to more than 500 student organizations and also hosts many leadership trainings and conferences throughout the semester. Being involved on campus will make you a viable candidate for fraternity/sorority membership. (lcl.okstate.edu)

This is not only a guide for students exploring MGC fraternities and sororities, but this is a great tool for parents, guardians, and family members. The Office of Fraternity & Sorority Affairs (F&SA) hopes that the following pages will answer your questions and provide information. The fraternity and sorority experience promotes individual, organizational, and community development. These organizations are

also rich in tradition. Many fraternities and sororities designate their organizations by using Greek letters, which have special meaning to their membership. Each organization has unique mottos, rituals, and creeds that unite members in brotherhood/sisterhood, growth, scholarship, community service, and leadership. All fraternities and sororities are values-based organizations with high ethical standards.

FAQS: We know that students and families often have questions about fraternity and sorority life. We have provided some answers to some frequently asked questions below:

How does housing work for MGC organizations?

Members of MGC organizations are free to decide their own housing options rather than having required housing.

Who can join an MGC organization?

Each individual has the opportunity to bring something unique to any group. Although these organizations were founded on the basis of a specific underrepresented population, membership is not restricted to persons of a certain background. Prospective members who meet the academic requirements set forth to those espoused by the organization can be offered membership.

How will it affect my grades?

The all-Greek average GPA at OSU is consistently higher than the non-Greek average GPA. Additionally, each organization has academic requirements. They will support each member through programs and mentors as they strive to meet the organizations standards.

PHILANTHROPY: Charitable projects or donations sponsored by a fraternity or sorority.
